## 2018 Yard Waste Guidelines

---

**Collections will be made on your trash day starting January 1, 2018**

**Please have your paper bags, cans, or 18" x 36" bundles out by 7:00 am**

Thank you for choosing Compost Connection for your yard waste recycling needs. We appreciate your business and look forward to a great year.

Route Service begins at 7:00 a.m. Please make sure all items are easily accessible from the street.

We will be picking up to 12 bags per week year-round. Additional bags will be picked up if an overflow sticker has been placed on it. Please keep yard waste bags separate from trash and recycling carts so they are easy to view.

**Your yard waste can be placed at the curb in** either bio-degradable yard waste bags, bundles that are no longer than 48" and weigh no more than 50 pounds, or in trash cans of a 35-gallon capacity or less. Please be sure materials do not exceed the height of any cans used and that these cans do not weigh more than 40 pounds.

**We only pickup natural yard waste** including grass, leaves, tree limbs, flower or garden plants (without their pots), walnuts, apples, Christmas trees (6' or less), etc. All materials collected are taken to a licensed compost facility. This recycling facility does not allow for ANY trash, landscape, or construction materials. If bags contain trash or foreign material they will have to be left at the curb. Any plastic inside your bag will be considered trash and not picked up. We do NOT collect animal waste. Please tie brush securely with rope or twine – not wire. Mark bundles of thorns for the driver's safety. Christmas Trees are the only items that do not require bagging or bundling. We will accept Christmas trees up to 6' in length, if larger please cut in half.

**Maximum item weight is 50 pounds.** Do not use plastic tape on paper bags since it is not biodegradable. Small cardboard boxes may be used provided they are no larger than the size and weight limits. We suggest boxes for fruits, small brush, wood or items that would easily break a bag during removal. We ask you to not use cans for your waste.

**Thank you for your business and compliance with our guidelines**  
**If you have any questions please contact Compost Connection at 816-761-8300**
