

Birchwood Hills Homes Association

Yard Waste 2019 Schedule & Guidelines

The Birchwood Hills Homes Association has purchased a yard waste pickup service on the following dates for all residents. Dates and packaging guidelines are listed below. Be sure to have all bags to the curb by 7:00 a.m. on these scheduled dates. Compost Connection is also offering a discount on their regular programs for those of you that would like weekly service. Please see the attached flyer or our website for additional information. You may contact them at 816-761-8300 or via email if you have additional questions regarding your collection.

Association Collection will be made on these MONDAY dates:

March 11, 2019	April 15, 2019	May 13, 2019
June 10, 2019	July 15, 2019	August 12, 2019
September 9, 2019	October 14, 2019	November 11, 2019
	December 9, 2019	

Please have your paper bags or 18" x 36" bundles out by 7:00 am. Pickup limits are shown in parenthesis next to each pickup date above.

We will take up to 20 bags or bundles each collection date per home in Kraft paper lawn waste bags or tied into 18' x 36" bundles. Route Service begins at 7:00 a.m. Please make sure all items are easily accessible from the street and not blocked by cars, garbage cans, etc.

We only pickup natural yard waste including grass, leaves, tree limbs (up to 6" diameter), flower or garden plants (without their pots), walnuts, apples, Christmas trees (6' or less), etc. All materials collected are taken to a licensed compost facility. This recycling facility does not allow for ANY trash, landscape, or construction materials. If bags contain trash or foreign material they will have to be left at the curb. Any plastic inside your bag will be considered trash and not picked up. We do NOT collect animal waste. Please tie brush securely with rope or twine – not wire. Mark bundles of thorns for the driver's safety. Christmas Trees are the only items that do not require bagging or bundling. We will accept Christmas trees up to 6' in length, if larger please cut in half.

Maximum item weight is 50 pounds. Do not use plastic tape on paper bags since it is not biodegradable. Small cardboard boxes may be used provided they are no larger than the size and weight limits. We suggest boxes for fruits, small brush, wood or items that would easily break a bag during removal. We ask you to not use cans for your waste. Watch placement of your paper bags to avoid sitting in water at the curb.

If you have any questions, please contact Compost Connection at 816-761-8300 or Email office@compostconnection.com
