Yard Waste Collection Guidelines

Red Bridge Hills Homes Association

Yard Waste Collection Day is on WEDNESDAY

5 Paper Bags or Bundles Each Week Per Home

***Pickup days falling on or after a Holiday will be 1 day after normal pickup day
New Year's Day, Memorial Day, July 4th, Labor Day & Thanksgiving, Christmas*

The Red Bridge Hills Homes Association is providing weekly yard waste pickup thru Compost Connection. We are now collecting 52 weeks per year on each Wednesday, except designated holidays. You can put out 5 paper bags or bundles each week.

To provide the best possible service for the collection of your yard waste, we are providing the following guidelines. If you have any questions or need additional information, please contact Compost Connection or your homes association representative.

Route Service begins at 7:00 a.m. Please make sure all items are easily accessible from the street. If items are blocked by cars or other materials, they may not be collected.

We will be picking up to 5 paper bags or bundles each week. If you have more than 5 items they will need to have a stickers placed where the driver can easily view OR held to the next collection week. Additional items are \$1.50 each or require an over limit sticker.

Please keep yard waste bags separate from trash and recycling carts so they are easy to view and are not damaged by collection equipment.

Your yard waste can be placed at the curb in either paper yard waste bags or bundles that are no longer than 18" x 36" and double tied with twine.

Maximum item weight is 50 pounds. Do not use plastic tape on paper bags since it is not biodegradable. Small cardboard boxes may be used provided they are no larger than the size and weight limits. We suggest boxes for fruits, small brush, wood or items that would easily break a bag during removal.

We only pickup natural yard waste including grass, leaves, tree limbs, flower or garden plants (without their pots), walnuts, apples, Christmas trees (6' or less), etc. All materials collected are taken to a licensed compost facility. This recycling facility does not allow for ANY trash, landscape, or construction materials. If bags contain trash or foreign materials, they will have to be left at the curb. Any plastic inside your bag will be considered trash and not picked up. We do NOT collect animal waste. Please tie brush securely with rope or twine – not wire. Mark bundles of thorns for the driver's safety. Christmas Trees are the only items that do not require bagging or bundling. We will accept Christmas trees up to 6' in length, if larger please cut in half.

Thank you for your business and compliance with our guidelines
