## Yard Waste Collection Guidelines

---

Your yard waste collection day will be on \_\_\_\_\_.

To provide the best possible service for the collection of your yard waste, we are providing the following guidelines.

Route Service begins at **7:00 a.m.** Please make sure all items are easily accessible from the street. If items are blocked by cars or other materials, they may not be collected.

- Your weekly limit for yard waste collection is **2 Items in paper bags or bundles.**
- **Collection will be 52 weeks a year.**  
**We run one day later on the following holidays:** New Year's Day, Memorial Day, Independence Day (July 4<sup>th</sup>), Labor Day, Thanksgiving & Christmas. If your collection day falls on one of these days or follows one of these days, your collection will be one day later than normal. For example, if July 4<sup>th</sup> is a Wednesday, then Wednesday, Thursday and Friday will be collected on Thursday, Friday and Saturday.
- Additional bags will be picked up if you have an over limit sticker or if you have contacted the office to arrange for additional payment of \$1.50 per bag. These may be purchased over the phone or at [www.compostconnection.com/shop](http://www.compostconnection.com/shop)
- Please keep yard waste bags separate from trash and recycling carts so they are easy to view and are not damaged by collection equipment.
- **Maximum item weight is 50 pounds. Your yard waste can be placed at the curb in either paper yard waste bags or bundles** that are no longer than 18" x 36" and double tied with twine. Mark thorns for collection safety.

- Do not use plastic tape on paper bags since it is not biodegradable. Small cardboard boxes may be used provided they are no larger than the size and weight limits. We suggest boxes for fruits, small brush, wood or items that would easily break a bag during removal.
- **We only pickup natural yard waste** including grass, leaves, tree limbs, flower or garden plants (without their pots), walnuts and apples. Christmas Trees are the only items that do not require bagging or bundling. We will accept Christmas trees up to 6' in length, if larger please cut in half.
- All materials collected are taken to a licensed compost facility. This recycling facility does not allow for ANY trash, landscape, or construction materials. If bags contain trash or foreign materials, they will have to be left at the curb. Any plastic inside your bag will be considered trash and not picked up. We do NOT collect animal waste or dead animals.

Thank you for your assistance in following these guidelines to insure a safe and complete collection.

**YOU CAN EARN A FREE MONTH EXTENSION OF SERVICE if you refer a new customer and they sign up!!!**
