# Pickup Guidelines

To make sure you receive the best possible services please follow these guidelines.

**All items must be in a paper bag or bundled in 18" x 36" bundles double tied with rope or twine.**

We only pickup natural waste including grass, leaves, tree limbs, flowers, garden plants, walnuts, apples, Christmas trees. We cannot pickup any trash or construction materials. If bags contain trash, multiple bags or foreign material they will be left at the curb. We Do Not collect animal waste or animal carcasses.

**Always have your bags at the curb in your driveway by 6:00 a.m. Bags not at the curb, behind cars, bushes etc. will be left. Bags must be accessible from the street.**

Bags are not intentionally missed, so please contact the office by noon the following day to follow up on collection issues.

Maximum item weight is 50 pounds. All bags should be folded at top to secure your debris, but please no plastic tape.

**Brush/branches must be tied into bundles 18"x36" long. Double tie securely with rope or twine - not wire.**

Maximum log size is 6" in diameter. Mark items with thorns for driver safety.

Christmas Trees are the only items that do not require bundling. Please cut Christmas trees over 6' in length in half. Small cardboard boxes may be used provided they are no larger than the size and weight limits. We suggest boxes for fruits, small brush, wood or items that would easily break a paper bag during removal.
